The World's Oldest Continuously Active Radio Amateur Club

AFFILIATED WITH
THE AMERICAN RADIO RELAY LEAGUE, INC.

CHARTERED AS
A NON-STOCK CORPORATION BY THE
STATE OF WISCONSIN

MILWAUKEE, WISCONSIN

This press release is furnished you by the American Radio Relay League and delivered to you as a service of The Milwaukee Radio Amateurs Club, the oldest affiliate of the League.

The Milwaukee Radio Amateurs Club has served Wisconsin Amateurs for over 70 years.

Each year Milwaukee Radio Amateurs Club offers training classes for persons wishing to acquire the necessary FCC licenses to partake in the hobby of Amateur Radio, with classes for each of the five grades of amateur licenses, Novice, Technician, General, Advanced and Extra. This year classes will be held at Wauwatosa East high School starting on February 22, 1989, and will continue every Wednesday evening, except March 29, 1989, until April 26, 1989.

Currently any two amateurs, with a General class license or higher, may administer the tests for a Novice Class license.

The FCC has divested itself of the chore administering exams for the four higher grade licenses. The Club has set up a team of Volunteer Examiners, through the Volunteer Examiner Coordinator program to administer these tests. There are, also, other test teams in the area.

For further information on the club, training program or exams please contact:
